

No Puppy Mills!

PuppyMillFreeReno.com

*Dedicated To Washoe County's Continuing Excellence
As a World-Leader in the Treatment of Animals*

Restricting puppy, kitty and rabbit mill sales in Washoe County would allow our world-renown no-kill shelter to thrive while protecting animal health: Mill dogs are constantly kept pregnant, birthing and nursing. To keep costs down, these animals rarely get medical treatment, see the light of day, know a kind hand or enjoy the loving atmosphere most humans would like to provide. **Banning mill sales protects the animals and the consumer!**
